

LEADERSHIP DEVELOPMENT TRACK

Customized for _____ Date _____

We believe that God wants to use *our church* to reach, teach, and develop people for Christ. The leadership of *our church* is responsible before God to help make that happen.

We want to invite you on the greatest calling that any person can have: that of leading an entire body of people forward together, spiritually. It is called the Body of Christ, the Church, and I believe God never designed it to be lead by just one person, but by a team of people. (See 1 Timothy 3:1-13, Titus 1:5-9, Acts 6:1-7)).

Here is the leadership development process, besides the character qualities listed in the above verses, which are required of those who would lead well at *our church*. Please join us in allowing God the Holy Spirit to develop us into the sort of leaders He needs for His Church.
